

**El Dorado County  
ALERT  
Elect Richard Barb**

Dear fellow Taxpayer;

**Don't let your local public employee unions stick you, your children, and grandchildren with unsustainable public employee pension debt. Already several local governments have filed for bankruptcy, including Stockton, Vallejo, and San Bernardino.**

**Each one of these local governments got into their mess the same way, by electing pro-union representatives who wouldn't say no to the lavish pensions and over-generous benefit demands of their public employees.**

**Help us stop the Public Employee Pension Crisis from spreading to your County – please join us and help elect Richard Barb, a true taxpayer's friend, to represent you on your County Board of Supervisors.**
